

## **Full list of modules taught** by Ledia Pelivani

**Summary:** Teaching is the best way of learning. Therefore, I am passionate about teaching. I am an award-winning teacher (Management Department 2022-23 academic year). I am currently teaching *Econometrics* classes to second year students at the LSE. I have taken a wide range of tutoring requests to widen my area of expertise and help as many students as possible in their learning journey. In the past 7 years, I have taught a series of modules from different English universities in the fields of economics, mathematics, and statistics. I have officially supported LSE students with the writing process of their dissertations at both the bachelor and master level. I completed my graduate studies in Economics at the University of Geneva and completed an Econometrics module at the LSE, where I ranked at the top of my class.

### **Official Teaching Experiences**

- Currently teaching *Econometrics* to 2<sup>nd</sup> year students at LSE
- Class teacher for *Econometrics Theory and Applications* (MG205) at the LSE (2 years)
  
- Class teacher for *Management Analytics in the Age of Big Data* (MG107) at the LSE Summer School 2022 (1 term)
  
- Quant Advisor for dissertation writing at LSE Life for master students (2 years)
  
- Carried out grading of summative work for Economics of Management (LSE) (3 years)
  
- Teaching assistant to Dr. Revi Panidha for his various teaching at Sciences Po and University of Oxford.

University of Edinburgh: ECNM10069 Topics in Macroeconomics, ECNM10056 Applications of Econometrics.

### **Feedback from my students:**

Katrina N. – “Thank you so much! That was an incredible session that boosted my confidence! I look very much forward to working with you this year.”

S. Wong – “Ledia, big thank you for helping us prepare for the exam, we got our econ results back and the results are staggeringly good”

Dmitry – “Messaging to say thank you for all your help this year again. Whilst after the exams I wasn’t very confident for the MA207 and ST201, I just saw the results and I scored 79 and 80 respectively. The results are great and put me in a good position for the final year. I couldn’t do it without your help, hence thank you very much!”

Dana – “I just wanted to say thank you for your help on my thesis and overall, I received an A on my thesis and got a pass on my Masters. Thank you so much!”

Cam – “Hi Ledia, just go out of the 4h exam. I’m really pleased by how I’ve performed on it and I couldn’t thank you enough for the hard work we have put into our revision sessions.”

*More feedback from my LSE Econometrics: Theory and Application students’ anonymous surveys:*

“I really love Ledia’s class, she explained things to us in detail, and she made challenging things sound intuitive to us. She is definitely an excellent teacher.”

“Amazing teacher! The extra material is super useful. I really like how we always go over the most important concepts during the class. Also, the explanations are always super clear.”

“Very good at explaining key concepts, involve many students during the class, very energetic. One of the best teachers I’ve had this year!!”

“I got 75 in the MG205 exam! I am so happy about that as hard work finally has been paid off. I greatly appreciate your excellent teaching standards and support throughout this challenging academic year. Without your help, I could not have achieved such a nice result.”

“Miss Ledia makes sure we are all on the same page when explaining a question. She gives clear and detailed explanations when we have questions and makes sure to involve the whole class which stimulates our thinking and participation.”
